

# NGA NATIONAL GEOSPATIAL-INTELLIGENCE AGENCY

## **Christine L. Woodard**

NGA Co-Chair, St. Louis Area Geospatial Ecosystem Steering Committee

Ms. Christine Woodard is in her 19th year with the National Geospatial Intelligence Agency (NGA) and its predecessor organizations. She has served in a number of leadership, scientific, and production assignments throughout her career. A native resident of the St. Louis metropolitan area, Ms. Woodard is currently co-chair of the NGA STL Area Geospatial Ecosystem (SAGE) Steering Committee. She also serves as the NGA Visiting Scientist Program Manager for NGA Research.

During her tenure at NGA, she earned a Masters of Science in Strategic Intelligence at the National Intelligence University. In addition, Ms. Woodard completed a joint duty assignment with the United States Coast Guard.
