

NATIONAL GEOSPATIAL-INTELLIGENCE AGENCY

YOU WANT MORE THAN A JOB

Anyone who sails a U.S. ship, flies a U.S. aircraft, makes national policy decisions, fights wars, locates targets, responds to natural disasters, or even navigates with a cellphone relies on the National Geospatial-Intelligence Agency (NGA).

YOU WANT A MISSION

NGA

The **National Geospatial-Intelligence Agency (NGA)** delivers world-class geospatial intelligence (GEOINT) that provides a decisive advantage to policymakers, warfighters, intelligence professionals and first responders.

A unique combination of intelligence agency and combat support agency, NGA serves as the world leader in providing timely, relevant, accurate and actionable GEOINT. GEOINT is the exploitation and analysis of imagery and geospatial information that describes, assesses and visually depicts physical features and geographically referenced activities on the Earth.

NGA is headquartered in Springfield, Virginia, and has two major locations in St. Louis and Arnold, Missouri. Approximately 14,500 government civilians, military members and contractors work across more than 100 locations in the U.S. and 20 international locations. Hundreds of NGA employees also serve on support teams at U.S. military, diplomatic and allied locations around the world.

SPRINGFIELD

ST. LOUIS

ARNOLD

NGA MISSION

We provide GEOINT for our Nation's Security

NGA VISION STATEMENT

Know the Earth ... Show the Way ... Understand the World

LIFE AT NGA

The success of NGA hinges upon its most important asset – its people. We live in a world where potential threats to our nation are constantly changing. To address these threats, NGA needs an agile workforce with a wide range of backgrounds, experiences, skill sets and talents. NGA is committed to fostering an inclusive community that values diversity of thought and a drive for continued innovation.

CAREER SERVICES AT A **GLANCE**

A Career Service is a formal structure charged with the management of an occupation or group of like occupations to develop leadership and professional expertise.

CORE MISSION

ANALYSIS

Delivers geospatial intelligence in support of national security objectives.

COLLECTION

Collaborates with customers and source providers to develop comprehensive, innovative intelligence and source strategies to address agency needs.

DATA AND VISUALIZATION

Manages NGA's data holdings and creates visual products to convey mission relevant information.

FOUNDATION

Supports NGA analysts who provide products that are easily discoverable and consumable to warfighters and foreign policy communities.

INFORMATION TECHNOLOGY

Utilizes information systems to store, retrieve, transmit and manipulate data to achieve business and operational requirements.

RESEARCH AND DEVELOPMENT

Conducts and develops scientific research projects and facilitates interdisciplinary collaboration to provide technical guidance and oversight, report results and advises on new and evolving technology.

MISSION SUPPORT

CONTRACTS

Performs the negotiation and execution of Federal contracts to meet mission requirements.

CORPORATE AND BUSINESS OPERATIONS

Advises and guides NGA's leaders, builds and maintains relationships with GEOINT partners, and develops policies and programs that support the GEOINT mission.

FINANCIAL MANAGEMENT

Provides sound financial management through analysis of NGA's requirements and ensures resource capabilities are available to satisfy current and future GEOINT requirements.

HUMAN CAPITAL

Advises and assists the agency in attracting, developing, managing, and retaining a high quality and diverse workforce.

INSPECTOR GENERAL

Manages and develops audits, inspections, investigations, and counsel to the workforce.

SECURITY AND FACILITIES

Provides safety in a modern work environment to its employees, customers, programs and infrastructure.

SPECIAL EMPLOYMENT PROGRAMS

- **Student Programs** – Use your education, talent and experience to support the NGA mission. The NGA Student Employment Program offers college students the opportunity to perform mission-related work while earning a paycheck.
- **Wounded Warriors** – NGA proudly hosts internships for wounded warriors interested in gaining experience in NGA's mission. If you are a service member currently undergoing treatment, you can take on temporary/voluntary work assignments as a formal means of transition back into the workforce.
- **Persons with Disabilities** – NGA values the contributions of a diverse workforce and wants to provide an environment for success. If you are an applicant with a disability, you may qualify to participate in our Persons with Disabilities Program.

BENEFITS

- Competitive salary
- Health and life insurance
- Annual and sick leave, 10 paid holidays
- On-site fitness center
- Wellness program
- Retirement benefits
- Training and education opportunities
- Performance incentives
- Flexible spending accounts
- Employee Assistance Program
- Telework

ELIGIBILITY REQUIREMENTS

- U.S. Citizen
- 18 years of age or older
- Ability to obtain and retain a top secret/SCI security clearance
- Pass mandatory pre-employment drug screening
- Pass mandatory counterintelligence polygraph

HOW TO APPLY

NGA AT A GLANCE

STRATEGIC INTELLIGENCE

NGA provides GEOINT that allows the president and national policymakers to make crucial decisions on counterterrorism, weapons of mass destruction, global political crises and more.

WARFIGHTER SUPPORT

NGA enables the Department of Defense to plan missions, gain battlefield superiority, precisely target the adversary and protect our military forces.

INDICATIONS AND WARNING

NGA often has the only 'eyes' focused on global hot spots and provides timely warnings to the warfighter and national decision-makers by monitoring, analyzing and reporting imminent threats.

SAFETY OF NAVIGATION

NGA provides and maintains the maps, charts and publications for navigation in the air and on the seas with the most current information for U.S. military forces and global transport networks.

FOUNDATION DATA

Foundation data — including topographic, elevation and terrain, land cover, and geodetic information — helps us describe the world in which we live. NGA leads the Department of Defense and intelligence community in the production, procurement, assessment and cataloging of geospatial data.

HUMANITARIAN AND DISASTER RELIEF

NGA supports federal agencies' — such as the Department of State and the Federal Emergency Management Agency — response to humanitarian and disaster relief missions.

SPECIAL EVENT PLANNING

When requested, NGA supports planning for special events such as presidential inaugurations, state visits by foreign leaders, international conferences and major public events (e.g., Olympics, Super Bowl).

HOMELAND DEFENSE

NGA provides vital GEOINT that contributes to counterterrorism, counternarcotics, and border and transportation security efforts.
