NGA announces selectees for \$200M Luno B IDIQ

SPRINGFIELD, Virginia – The National Geospatial-Intelligence Agency selected 13 vendors for the \$200 million Luno B commercial data indefinite delivery, indefinite quantity contract.

The selected vendors are:

- Airbus U.S. Space & Defense, Inc.
- BAE Systems, Inc.
- Booz Allen Hamilton Holding Corporation
- BlackSky Geospatial Solutions, Inc.
- BlueHalo, LLC
- CACI, Inc. – Federal
- Deloitte Financial Advisory Services, LLP
- Electromagnetic Systems, Inc.
- Maxar Mission Solutions, Inc.
- NV5 Geospatial, Inc.
- Planet Labs Federal, Inc.
- Royce Geospatial Consultants, Inc.
- Ursa Space Systems, Inc.

Luno B will provide the national security community with timely access to high-quality commercial GEOINT. The contract will enable NGA to lead the GEOINT enterprise in applying GEOINT artificial intelligence, while delivering decision advantage to our warfighters, policy makers and mission partners.

Through this IDIQ contract, GEOINT users will have access to data and analytic services that add new context to analytic assessments by characterizing worldwide economic, environmental and geo-political activities, as well as illegal, unregulated and unreported activities.

Luno B is part of NGA's ongoing efforts to execute an agile acquisition strategy that unlocks the capacity and innovation of the commercial geospatial industry. The contract has a five-year base ordering period with a \$200M ceiling. The 13 vendors will compete on a full and open basis for future delivery orders.

For more information about Luno B, visit [SAM.gov](https://sam.gov) or the [Acquisition Research Center](#).
